## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 5-10, 13-18, 21-24 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U. S. Patent No. 5,321,837 to Daniel et al.

As per claims 1, 2, 9, 10, 17 and 18, Daniels et al. disclose receiving an event on a server, identifying an event group, determining a set of destinations.....and associating an event group (see at least the abstract).

As per claims 5, 13 and 21, Daniels et al. disclose storing the event on a server after the receiving step (fig. 1).

As per claims 6-8, 14-16 and 22-24, Daniels et al. also disclose the limitations of these claims (see again the abstract).

### ***Allowable Subject Matter***

Claims 3, 4, 11, 12, 19 and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
